

Connect Your Community (CYC) DETROIT

Need Volunteers

CONNECT. TRANSFORM. ENABLE.

“**Connect Your Community**” is a new, Federal stimulus-funded initiative to help Detroiters to make **the broadband internet connection...**

... the 21st-century connection for **jobs, education, health care, stronger neighborhoods,** and a **STRONGER CITY!**

Starting in **September 2010**, Connect Your Community’s partners will be offering thousands of neighbors a unique opportunity for:

- o **FREE COMPUTER TRAINING**
- o **ONE-ON-ONE HELP** to connect you to and help you begin utilizing the on-line resources you need most.

If you think you just **CAN’T** learn to use the internet... **OR**
If you think the internet **CAN’T** help you get the resources you need... **OR**

If you think you can’t get the **ONE-ON-ONE** help you desire.

CONNECT YOUR COMMUNITY is for you!

Connect Your Community is a collaborative program of

Matrix Human Services

Focus: HOPE

Child Care Coordinating Council
Detroit/Wayne County, Inc (4C)

Connect Your Community is in partnership with OneCommunity, and is supported by a grant from the Broadband Technology Opportunity Program of the U.S. Department of Commerce.

Your Community

Detroit's Unique Computer Training

Program for Economic and Social Advancement

Funded through the Broadband Stimulus Program, LOCAL ORGANIZATION'S
(Focus: HOPE, Matrix Human Services, and Child care Coordinating Council of Detroit/Wayne County Inc./4C)

Connect Your Community (CYC) program provides

FREE, PERSONALIZED Computer Basics & Internet Training... with ONE-ON-ONE Assistance.

With courses that include:

- The Basics of Computers and the Internet
- Computer Skills for Career Advancement
- How to Find a Job Online
- An Entrepreneurs Guide to the Internet
- Arts, Culture, and Education Online

CYC empowers CITY's citizens to use broadband to:

- Advance careers
- Expand educational horizons
- Connect with colleagues, family, and friends
- Access better health care and government services
- Improve your Quality of Life

CYC's courses show you how broadband can enhance your life – whether your goal is to be a more competitive member of today's workforce or to simply experience more of our world.
